

The Navy HORIZON Program

“Rising Above the Call”

LT Jerry Bradley, MD (Lead Project Physician), HM3 Gavin Strong (Lead Project Corpsman) CAPT(sel) Paul Allen (DBC, Champion)
Naval Branch Health Clinic Port Hueneme

Mission

HORIZON is a comprehensive clinical program dedicated towards robust and innovative process improvement which rises above the standard of care to provide exceptional healthcare services

Project Development

HORIZON works by standardizing clinical processes across the continuum of patient care to ensure quality, safety, and proper training while maintaining the highest level of military readiness

Vision

HORIZON was created to bring Navy Medicine to the forefront of healthcare innovation based on core principles:

- Healthcare
- Oriented towards
- Readiness
- Innovation
- Zero-harm
- Operational-consistency and the
- Next Generation

Continuum of Patient Care and Military Readiness
